

CARE LEAVERS NATIONAL MOVEMENT

BEING A GOOD TENANT

Pay your rent on time

For some landlords you might be their only source of money.
How would you feel if you got paid late?

Keep it clean inside and out

Rubbish can attract vermin, it's smelly and doesn't look great. Keeping the inside and outside of your home clean is better for everyone. Plus, you will then feel proud to show this off!

Think about your neighbours

You wouldn't want neighbours that were rude, messy or wake you up being loud.
So why would they?

Keep on top of repairs

Whether its making sure that you repair the small things you need to in your home, or reporting it for someone to fix.
