

**CARE LEAVERS**  
NATIONAL MOVEMENT

# Our advice for Care Leavers

## Take Every Opportunity

You never know when they'll come around again and how they'll benefit you.

## Don't Treat moving like a joke

Moving can be stressful, take the time to plan and prepare for your move.

## Do your research

Don't make decisions without doing your research first.

## Have a "Rainyday fund"

Stuff happens in life when you least expect it so having a savings account is always a good idea.
