## What to do about Debt?

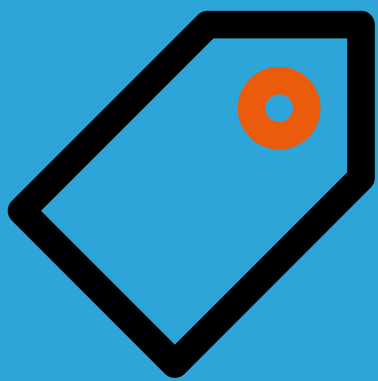

### Plan your Budget

By creating a budget plan you're making sure that you're spending on the things you need.

### Don't overspend

Sometimes something as simple as not buying branded things can help with debt. Save your money for when you need it.

### Don't hide your debt

Sometimes just talking to the people that you owe money to can help. Ask them to set up a repayment agreement so you can slowly pay it off.
